EXPERIENCE

CARNEGIE MELLON UNIVERSITY - TEPPER SCHOOL OF BUSINESS

Raymond James - MSBA Capstone Project

Pittsburgh, PA

AI Product & Strategy Consultant

January 2026-April 2026

- Owned the end-to-end redesign of an analytics dashboard for a complex fixed-income trading platform, translating senior-stakeholder needs into product requirements and a prioritized roadmap for surfacing trading patterns, anomalies, and actionable insights.
- Defined product requirements and acceptance criteria, validated large-scale trading data, established performance benchmarks, and drove cross-functional delivery using SQL, GitHub, and VS Code to ship reliable releases on schedule.
- Led discovery and delivery of an AI-powered feature that translated natural-language questions into SQL, simplifying user workflows, improving data accessibility, and enabling faster, data-driven decisions.

Teaching Assistant - Business Strategy

January 2026-April 2026

- Managed end-to-end course operations and program logistics for 60+ graduate students, coordinating deliverables, faculty-student communication, timelines, and issue resolution to keep a multi-week program on track.

EVAROOTZ

Mysuru, Karnataka

Business & Marketing Analyst

November 2023-December 2024

- Contributed to **15% month-over-month revenue growth** by expanding distribution across **10+ pharmacies**, identifying market opportunities, supporting commercial partnerships, and building long-term retailer relationships.
- Informed go-to-market and growth decisions by analyzing customer behavior, market trends, and campaign performance using SQL and Python and translating findings into actionable business recommendations.
- Acquired **120+ new customers** by managing digital initiatives from planning through execution, leveraging audience segmentation, A/B testing, and performance analytics to optimize campaign outcomes.
- Strengthened strategic decision-making by designing and analyzing experiments across customer behavior, messaging, and campaign performance and translating findings into recommendations for business stakeholders.
- Generated **10,000+ brand impressions** across five major industry events, including engagements with a UAE Government delegation, while developing relationships with prospective customers and distribution partners.

TEHCITI SOFTWARE CONSULTING PRIVATE LIMITED

Bengaluru, Karnataka

Software Developer Intern

March 2024-June 2024

- Supported end-to-end development of a machine learning-powered healthcare application for disease prediction and specialist recommendation, contributing to front-end and back-end development, data integration, testing, and application performance.
- Translated healthcare use cases into functional application capabilities using HTML, CSS, Bootstrap, jQuery, and Django while collaborating across technical components to improve the overall product experience.

MOTHER'S CARE CLINIC

Mysuru, Karnataka

Digital Marketing Consultant

April 2019-October 2023

- Increased clinic visibility and patient engagement across Karnataka by planning and executing integrated marketing initiatives while coordinating stakeholders, timelines, campaign deliverables, and cross-functional execution.
- Grew the clinic's online community by **2K+ followers in less than one month** by leading social media strategy, content execution, and audience-focused digital outreach. Delivered community healthcare initiatives, including free medical camps, by coordinating logistics, external partners, stakeholder communication, and execution from planning through completion.
- Supported successful execution of major medical conferences, including YUVA KSOGA 2023 and KSOGA 2023, by coordinating cross-functional deliverables and developing executive presentations.
