EXPERIENCE

CARNEGIE MELLON UNIVERSITY - TEPPER SCHOOL OF BUSINESS

Raymond James - MSBA Capstone Project

Pittsburgh, PA

AI Product & Strategy Consultant

January 2026-April 2026

- Redesigned an AI-powered analytics platform for a fixed-income trading business, enabling executives to analyze large datasets, identify trends and anomalies, and make faster data-driven business decisions.
- Partnered with cross-functional teams to validate and transform large-scale trading datasets, optimize SQL queries, and establish scalable reporting benchmarks that improved data quality and business decision-making.
- Developed an AI-powered analytics interface that translated natural-language questions into SQL, enabling self-service analytics, reducing analysis time, and improving data accessibility for technical and business stakeholders.

Teaching Assistant - Business Strategy Course

January 2026-April 2026

- Coordinated course operations for 60+ graduate students by managing assignments, streamlining communication between faculty and students, resolving operational challenges, and ensuring the timely execution of course deliverables.

EVAROOTZ

Mysuru, Karnataka

Digital Marketing Specialist

November 2023-December 2024

- Expanded retail distribution across 10+ pharmacies in Karnataka by identifying new business opportunities, negotiating commercial partnerships, and building long-term retailer relationships, contributing to **15% month-over-month revenue growth**.
- Leveraged SQL and Python to analyze customer behavior, market trends, and campaign performance, delivering strategic recommendations that informed go-to-market initiatives and business growth decisions.
- Planned, executed, and measured digital advertising campaigns using audience segmentation, A/B testing, and marketing analytics, acquiring **120+ new customers** while improving campaign performance.
- Designed and analyzed A/B experiments to measure campaign effectiveness, customer behavior, and marketing performance, translating insights into strategic recommendations for business stakeholders.
- Represented the company at five major industry events, including engagements with a UAE Government delegation, generating **10,000+ brand impressions** while cultivating strategic relationships with prospective customers and distribution partners.

TEHCITI SOFTWARE CONSULTING PRIVATE LIMITED

Bengaluru, Karnataka

Software Developer

March 2024-April 2024

- Supported the development of a machine learning-powered healthcare web application for disease prediction and specialist recommendation by contributing to front-end and back-end development, data integration, and application performance improvements using HTML, CSS, Bootstrap, jQuery, and Django.

MOTHER'S CARE CLINIC

Mysuru, Karnataka

Digital Marketing Consultant

April 2019-October 2023

- Planned and executed integrated marketing campaigns across Karnataka through strategic online and offline channels, increasing clinic visibility and patient engagement. Coordinated cross-functional deliverables and developed executive presentations for major medical conferences (YUVA KSOGA 2023, KSOGA 2023), ensuring timely, high-quality execution.
- Led community outreach initiatives, including free healthcare camps, by coordinating logistics, external partners, and stakeholder communications. Managed social media strategy and content execution, growing the clinic's online community by **1,734+ followers** in one month.
